New Renault DUSTER Oroch

Every precaution has been taken to ensure that this publication is accurate and up to date on the date it is printed. This document has been created on the basis of pilot lots and prototypes. In line with its policy of continuous product improvement, Renault reserves the right to modify the specifications, vehicles and accessories described and shown at any time. Such modifications shall be communicated to Renault dealers as quickly as possible. According to the country of sale, certain versions may differ and certain equipment may be unavailable (as standard, on option or as an accessory). Please contact your nearest dealer for the latest information. For printing reasons, the colours that appear in this document may differ slightly from the actual paint and upholstery colours. All rights reserved. The reproduction in any format and by any means of all or part of this publication, without prior written authorisation from Renault, is prohibited.

A new sense of freedom

Renault is launching its first pick-up and everything is changing! Open to the world and open to others, the Renault Duster Oroch is the pioneer in adventuring for five. With five genuine seats, robust styling and expressive lines, this new pick-up has inherited the Duster's strong character. With its double cabin, its large rear flatbed and its tough look, getting out on the open road is something you'll be wanting to do at every opportunity.

Ready for anything

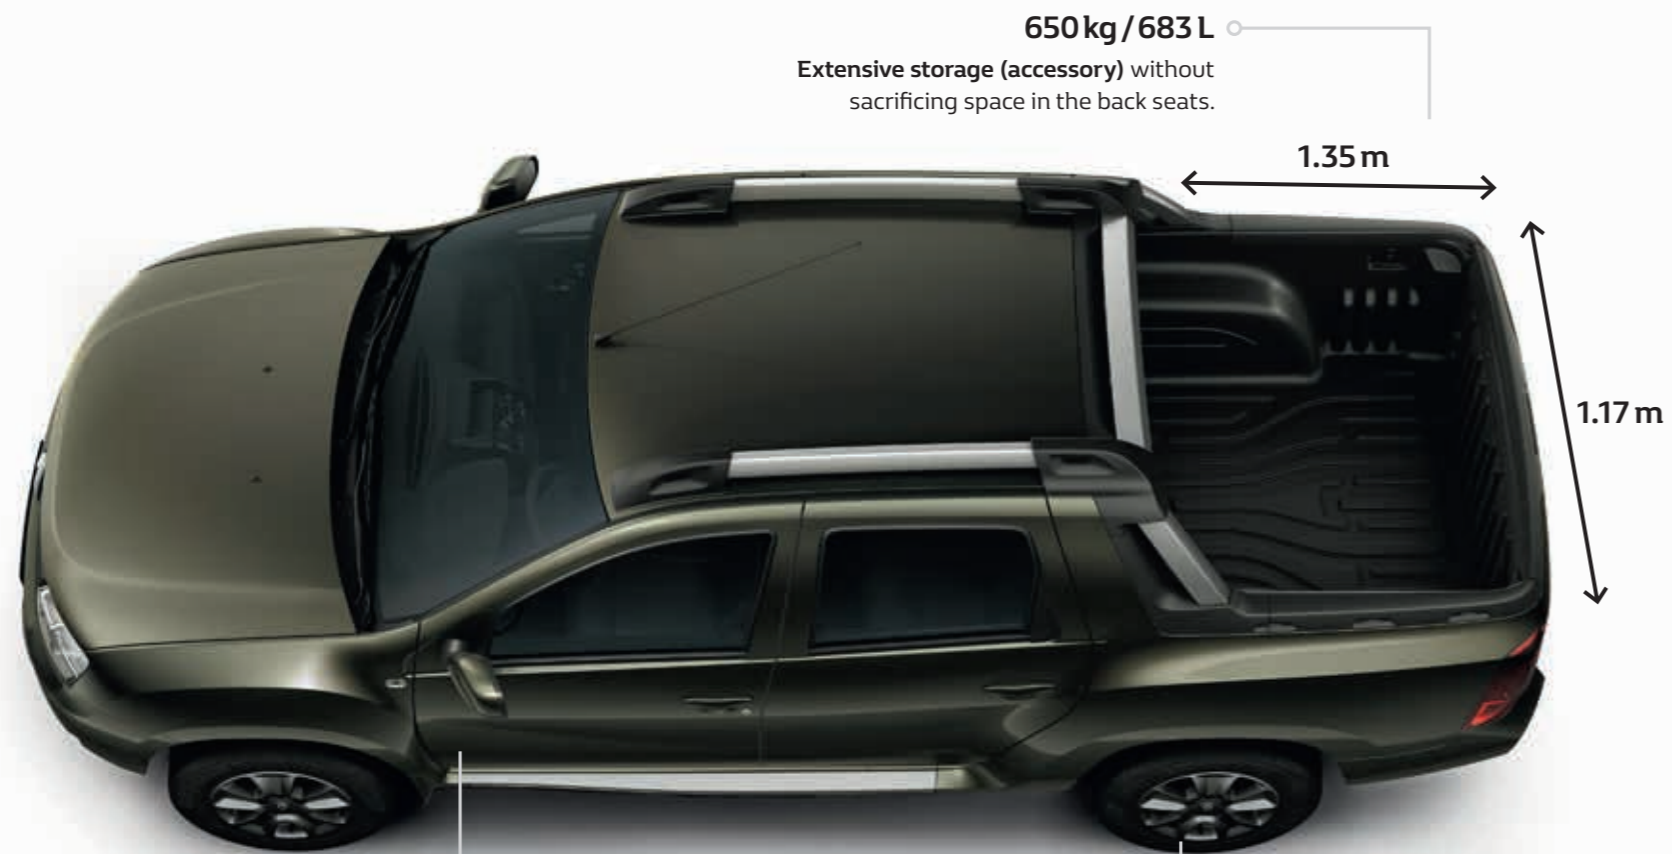

The Renault Duster Oroch gets off the beaten path. Its 16-inch wheels and anti-roll bar give you the freedom to tackle any type of terrain. Quick to turn its hand to transporting thanks to its flatbed and roof bars, it also sports a carefully cultivated look: its arrow-shaped rear lights are indicative of its exceptional personality.

Live and share

The Renault Duster Oroch spoils anyone who wants to take it out for an adventure, whether just for the day or every day. Offering four doors and five genuine seats, it makes you feel welcome: with its attractive upholstery, exquisite harmony and its numerous and smart storage spaces, our pick-up knows how to make a fuss of you... Making you feel good is a priority. For the first time, the Renault Duster Oroch offers both the driver and passengers the comfort of a large SUV in a modern pick-up.

650 kg / 683 L

Extensive storage (accessory) without sacrificing space in the back seats.

1.35 m

1.17 m

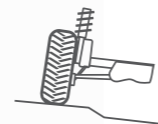

4 doors and 5 seats

4 separate doors are **practical and comfortable** for 5 occupants.

Multilink Suspension

Robust without compromising on comfort.

Renault Duster Oroch It's all here

Designed like an SUV, Renault Duster Oroch places as much emphasis on its practical aspect as on its interior comfort: four doors provide easy access for five passengers, who can enjoy plenty of room. Multilink suspension, four-wheel drive and an ergonomic steering wheel fitted with grip zones, not to mention front and rear cupholders... everything is ready for you to make the most of the road or track at your leisure. What's more, the extended bed (1.35 m long x 1.17 m wide, 683-litre capacity) will handle a payload of up to 650 kg (accessory).

All-purpose performance

With agility and sturdiness guaranteed, the two petrol engines on offer are at once powerful, flexible and reliable. Born from Renault's know-how and experience, both of these four-cylinder engines are combined with Multilink suspension, offering up to five people the adventures of a lifetime with perfect comfort and stability.

1.6 16V 103/111 hp

The 1.6 16V engine generates up to 110 hp. Understated and multi-purpose, it delivers real driving pleasure for both work and leisure, served brilliantly by a 5-speed gearbox.

2.0 16V 138/146 hp

Powerful and efficient, the 2.0 16V engine generates up to 143 hp and, with its 6-speed gearbox, briskly powers Renault Duster Oroch on any terrain, be it soil, sand or tarmac.

Eco Mode: cut your consumption

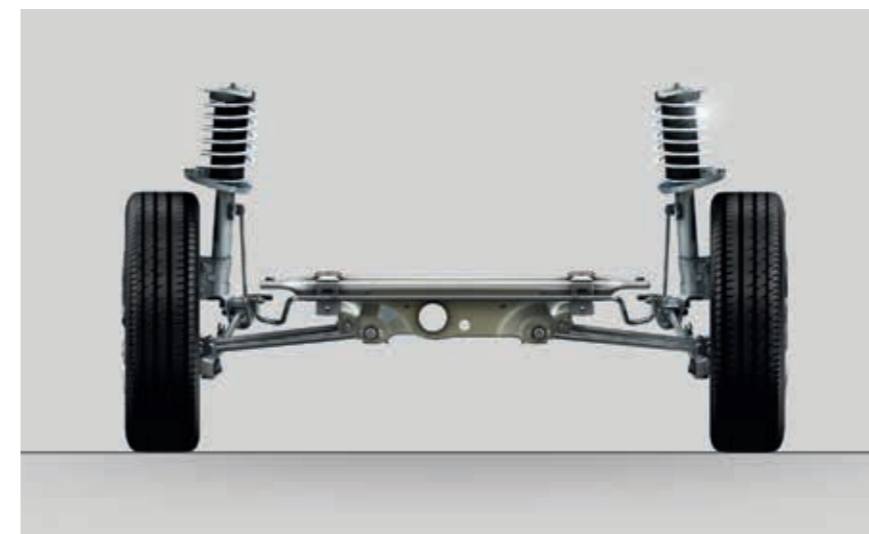

With a quick press of the Eco Mode button on the dashboard, you can cut your fuel consumption by up to 10% by allowing the engine to adopt a lower operating range.

GSI: change gear at the right moment

You can also optimise your consumption with the GSI (Gear Shift Indicator). An arrow on the rev counter prompts you to shift to a higher or lower gear at the right moment.

Multilink suspension, comfort and stability

Whatever the terrain, comfort and stability have been maximised to the fullest. Fitted with spiral springs and an anti-roll bar, the MacPherson front suspension ensures maximum stability on corners. Together with the vehicle's large wheelbase, the rear Multilink suspension makes driving precise and secure. It's a walk in the park!

Useful, pleasant, and more besides

The Renault Duster Oroch likes to make itself useful and is packed with ideas, tips and common sense. It's generous with its storage spaces and loading options, as well as in its personalisation range and its ability to easily accommodate 5 people along with their belongings, bags or luggage.

The extendable flatbed is a great idea (accessory), allowing you to increase the load volume by a third (683 l + 306 l)! Once folded down, the extension divides the available space in two, which can be easily covered by a removable tonneau cover. Eight foldable fastening rings, each supporting up to 50 kg, make it easy to secure transported objects.

Smartly providing a whole host of storage spaces - in the front doors, above the dashboard (2 and 1.4 dm³), in the glovebox (5.8 dm³), etc., the Renault Duster Oroch offers its passengers room and space to carry anything with them. There are even cup holders in both the front and rear! Motoring is a breeze with all the exterior and interior personalisation accessories (front and side protection, fog lights, roof crossbars, alarm system, portable GPS, portable DVD player, central armrest, rubber floor mat, etc.). Freedom also means accessorising your pick-up the way you want!

Connected with complete freedom

Thanks to the intuitive Media Nav 2.0 system, the world of multimedia now travels with you. The 7-inch (18 cm) touchscreen makes life easy and the Bluetooth® leaving your hands free to make calls and listen to your music on the go. Meanwhile, the USB ports and the jack input let you connect your smartphone or your passengers' MP3 player!
